

WebMall Sales Reps: [Part-time/High Commission]

We are primarily an entertainment company which derives much of its revenue from "face-to-face" business dealings (ie. music production, music publishing, etc.). We have; however, neglected promoting a very a very high source of commission on our website due to promotions aimed at other areas.

This neglected source of high commission is our own website's min-E-mall. We have many vendors on the site in which our deals with them have varying high commission rates depending upon the vendor. We are offering to start 15% commission going up to 25% and a lil' more because we don't mind sharing the wealth...we just want you to generate sales there (ie. drive consumers to our mall to purchase any of the products and services located there).

We'll also offer [if you can handle it] up to 3 vendors for you to assist us in generating sales therefrom. This means that you would NOT make 15 to 25%+ total for the 3, but rather 15 to 25%+ commission from EACH of the 3 vendors you handle and generated commission for....and remember, all the vendors have different rates; therefore, depending upon the product/ service and the commission rates offered by the vendor...some of your income could be higher than others.

Is this easy?...maybe not, but if you already spend much of your time online...this wouldn't cost you anything...plus now you have the option to make some good money [via commission] while many people are losing employment.

If interested, contact our Promotions department at Sirge Conglomerate (you may Google us to find website and view the min-E-mall page) for our min-E-mall position.

Thank you for your time and look forward to "sharing the wealth" with many of you.

p.s.: even if by chance you were not responsible for a sale made on any of the 1, 2 or 3 vendors you were handling...we will STILL give you the agreed upon commission. If we make money, we're willing to share with you...bottom line.

NOTE: Currently we are offering these openings in the following areas; however are subject to change [Australia, Austria, Belgium, Canada, France, Germany, Ireland, Mexico, Netherlands, New Zealand, Spain, Switzerland, and the United Kingdom]...thank you.

Graciously Yours,

Promotions Department [promotions@sirgesound.com]
